OREGON'S LARGEST ABORTION PROVIDER IS TARGETING YOUR NEIGHBORHOOD'S SCHOOLS.

Planned Parenthood performs more abortions in Oregon than any other provider. They have a financial interest in pushing students to use their lucrative abortion "services." In the last few years, the Salem-Keizer School District has let PP employees into schools in your neighborhood to teach students. One of PP Advocates of Oregon's board members, Kathleen Harder, is even seeking a position on the school board in this election.

We must keep Planned Parenthood out of our schools and away from our kids!
